If you have any questions please call or e-mailus at 619.752.7515 or pma@pmakarate.com

Pacific Martial Arts Federation USA Inc.

Class makeup bonus! Because of several holidays, plus Christmas and Easter breaks, students will be able to do extra makeup classes at no charge at the nearby main studio of the PMA located in Old Town. It is about a five minute drive. This bonus attendance privilege will help keep more continuity in the karate training of the student.

Students may try a class during September!

Karate at City Tree! As taught by Pacific Martial Arts

"We teach attitudes first." That is a PMA motto that we have followed for years. Our mission is excellence and dedication.

To whom will you trust your child's growth and development in areas such as

- Academic focus
- Management of his or her self control when being confronted
- Defensive skills
- Athletic growth and many other areas.

The experienced staff of the Pacific Martial Arts has been teaching the valuable benefits of the martial arts since 1978. Led by Grandmaster Jerry Devine, a former outstanding math teacher and current director of the Martial Arts Museum of America, a member of the International Karate Hall of Fame, a tenth degree black belt, as well as former president of the Amateur Athletic Union karate southwest division. His own personal aim in karate is to give dignity and worth to each person.

PMA has many role models of excellence; our teachers are also leaders in the business, medical, legal, educational and other professional fields. Students need appropriate challenges suitable for their ages and skill levels. Karate is an achievement-centered activity that allows a child to pursue and explore their potentials. Karate is not a feel good therapy activity as is often the case of the chain franchise schools. These schools care more about appearances and numbers and are not about producing meaningful results.

The mental and spiritual growth of children is brought out in karate training. Students are encouraged to adhere to excellence in personal conduct such as honesty, integrity, commitment, sincerity and respect. The values of service to the community, respect for family, and achievement at school are all encouraged in the classes.

The teachers for this year will be Robert Graff and/or Javed Osmani who have both taught for several years at the City Tree school in karate.

If you have any questions, please e-mail pma@pmakarate.com, or call 619.752.7515. Let us know if you will be trying out the class so we can plan for that. We have the uniforms in stock.
