

The **BEST FOR YOUR CHILD** is to expose him/her to a **VARIETY OF SPORTS - SPECIALIZING** in one sport at this age is **UNNECESSARY**

**WE COMMIT OURSELVES TO:**

- **GROSS MOTOR DEVELOPMENT** which is the most important development for children of this age.
- **MOVEMENT.**
- We **PREPARE** the preschool child for elementary school, i.e. for the early competitive environment related to sport.
- 15 different **LIFE SKILLS** are incorporated one at a time in each lesson. Repetition of this takes place on an uninterrupted base.
- We make use of **DIFFERENT EQUIPMENT** to ensure excitement and interest.
- The lessons are **FUN, CREATIVE** and **STRUCTURED** and movement is paramount.
- Our mission is to develop a **LOVE FOR SPORT AND MOVEMENT**, therefore, we give the children a lot of acknowledgment and the atmosphere in the class is **POSITIVE** and **UPLIFTING**.
- **PLAYBALL** is **SPECIALIZED** and **RESULT** orientated. Your child will receive 2 reports. Playball is not the same as P.E. or movement lessons which are presented at schools.
- **SMALL CLASSES** and **AGE SPECIFIC**, 8-10 children per class and 6-8 for the younger.
- **COACHES:** Playball Coaches are handpicked and trained frequently.
- Our starting point is **SELF-CONFIDENCE**. Fast learning and healthy relationships are a result of good self-confidence on the sports field. Performance/achievement is not important at this stage.
- Children must **ENJOY** themselves!
- This approach made Playball a **WORLDWIDE SUCCESSFUL SPORTS PROGRAM** for children.

**AGES 2-9**
